

# VRITI JAITLEY

Patiala, Punjab, 147001

☎ 9517709026 ✉ Jaitleyvriti@gmail.com

## SUMMARY

---

Passionate software engineering student and enthusiast in backend and full stack development. Built multiple projects in Express.js, Node.js, and MongoDB. Hands-on experience with Java, JavaScript, HTML, CSS, software design, and SQL, and currently exploring Cloud Computing (AWS). Eager to contribute to innovative projects while continuing to expand my technical expertise.

## EDUCATION

---

### Chitkara University

*B.E. in Software Engineering*

Sept 2022 – May 2026

*Rajpura, India*

### Bhupindra International Public School

*Higher Secondary Education*

Graduated 2022

*Patiala, India*

### The British Co-Ed High School

*Secondary Education*

Graduated 2020

*Patiala, India*

## TECHNICAL SKILLS

---

**Languages:** Java, JavaScript, HTML, CSS, SQL

**Frameworks & Libraries:** Express.js, Node.js

**Databases:** MongoDB, PostgreSQL, MySQL

**Tools:** Git, GitHub, Trello, Slack, Jira, Postman

**Cloud:** AWS (EC2, S3, ELB, EBS)

## PROJECTS

---

### Track My Bag | *Node.js, Express.js, Leaflet, MongoDB, Cloud Integration* | [GitHub](#)

July 2024 – Dec 2024

- Designed and developed a real-time luggage tracking website with front-end maps integrated using **Leaflet CSS**.
- Built backend API services using **Node.js** and **Express.js** to manage luggage data.
- Integrated features such as **shopping**, **payment gateways**, and **insurance support** to enhance user experience.

### Blog App | *Express.js, MongoDB, Chatbot Integration* | [GitHub](#)

July 2024 – Dec 2024

- Built an interactive blogging platform's backend with user authentication, like/follow functionalities, and admin controls.
- Implemented backend logic using Express.js and MongoDB for managing user and blog data.
- Integrated a **chatbot** for enhanced user engagement.

## STRENGTHS

---

- Quick learner and always keen to explore new technologies.
- Team collaboration and effective communication.
- Strong analytical and debugging capabilities.
